OBJECTIVE

To continuously develop as a developer, embracing challenges, learning, and contributing as a team member while seeking to take on more responsibilities.

SKILLS

Expertise: HTML5, CSS3, JavaScript, ES6, React.js, React Router, Tailwind CSS, DaisyUI, Node.js, JWT, Express.js, MongoDB, Bootstrap, React Bootstrap, and React Hook Form

Comfortable: Next.js, TypeScript, Context API, Firebase authentication

Familiar with Devtool and Debugging

Tools: VS Code, Chrome Dev Tools, GitHub, Firebase, Vercel, and Figma.

PROJECTS

The Universal News: (A Newspaper website) (team project)

[Live website](#) || [\(GitHub\)](#)

- Added new features to a team-built newspaper website to improve user experience.
- Created Podcast and TV Series pages for diverse content offerings.
- Developed an interactive Rock, Paper, Scissors game and a voice assistant for news playback.
- Collaborated closely with teammates on ideas, troubleshooting, and implementation.

Technology: Next.js, Tailwind CSS, MongoDB, Stripe

Game Plan : (A website for planning your student games)

[Live website](#)

- Built the Gameplan AI website using **React.js** and **Tailwind CSS**, focusing on speed, responsiveness, and clean UI.
- Integrated **AI-driven features** that allow coaches to create personalized training sessions in seconds.
- Designed dynamic pages with **video support**, **smooth navigation**, and a mobile-first experience for all users.

Technology: React.js, Tailwind CSS, JavaScript (ES6), HTML5, CSS3, Git, GitHub

Work Experience :

[JVAI](#) (Front-end developer)

Nov-24 - present (on-site)

Collaborating with an AI team to build market-ready websites using Next.js and Tailwind CSS. Integrated frontend with backend APIs and AI features for seamless UX. Gained hands-on experience in performance optimization and responsive design.

EDUCATION: Completed a Diploma in CSE and was accepted into the Canadian University of Bangladesh for a BSc.

LANGUAGE: Fluent in Bengali; Intermediate knowledge of English and Hindi

ACHIEVEMENTS: [certificate](#), [recommendation from programming hero](#)
